## INSIDE THIS ISSUE:

- *The Just for Kids Show*
- *"Bingo" Live*
- *Quick Tips for a Great Show*
- *School is Cool*
- *Just for Kids Show Schedule*
- *Software Update*

## Very Important Stuff!

- Be sure and follow software update directions on page 3 before attempting to run April DVD's
- Keep your "Variety Show" (January 2000) DVD's in a safe place. At some point you may need to use them again.

Recently the Backstreet Boys came a blazin' through Dallas leaving a throng of screamin' youngsters in their wake. I heard that the two shows sold out in less than an hour! Wouldn't it be great if Chuck E. could generate that kind of excitement?

In tribute to the festive atmosphere the Backstreet Boys and similar groups engender, the Entertainment Department has come up with a great new parody starring Chuck E. and the Muffin Boys. In fact, this new show is packed full of new material that we hope you and your guests will greatly enjoy. Eighteen songs (yes, that's eighteen) that are familiar to all of us have been repackaged and reworked to give them a really fun energy. In addition, you will notice that the "Bingo" Live! Show corresponds nicely with the "Just for Kids Show" theme.

You may also notice that we have continued our relationship with Big Idea Productions by including two new VeggieTales silly songs. "The Pirates Who Don't Do Anything" and

"Song of the Cebu" are as hilarious as any episode Big Idea has produced. We've also included two of Eddie Coker's latest videos entitled "H-Word" and "The Woo Woo Dance"

We sincerely hope that this new material impacts your business in a positive way. We'd also like to hear from you. Tell us what worked and what did not. We realize the only way to get better is to continually evaluate our own performance.

Enjoy the show!

— *Jeremy Blaido*

*"The key to this live show... is INTERACTION."*

## "BINGO" LIVE

Included on the Just For Kids DVD's is "Bingo" Live. It is an upbeat version of the old children's classic "Bingo". Hopefully you have already heard and been performing this as a "boombox" live. The key to this live show, as in every live show, is INTERACTION.

"Bingo Live" should work well for all ages, but particularly well with the daytime crowds of smaller children. Everyone is familiar with this song, so encourage your guests to sing and clap along.

## QUICK TIPS FOR A GREAT SHOW

Do you remember the last time you cleaned the Chuck E. on your show? If not its probably about time. Getting a spray can of Woolite Heavy Traffic carpet cleaner would be a great place to start. Just spray a little on your character's fur, wipe with a clean towel, and watch those old pizza and Coke stains come right out.

Here are some other quick tips for keeping your show looking nice.

- **Brush Chuck E. daily.** By doing this you will always be aware of the condition of your show, and you will be surprised how this will keep your show looking nice.
- **Vacuum your stage (at least) once a week.**
- **Make sure all your lights are working properly.** Run your diagnostics and make sure that all your lights are working, that the colors match the colors on the diagnostics, and that all lights are plugged into the correct outlets.

*"Do you remember the last time you cleaned the Chuck E. on your show?"*

*"Thanks to W.T. Hanes Elementary, Crown of Life Lutheran, and Holy Family of Nazareth Schools..."*

## SCHOOL IS COOL

Chuck E. and the gang want the kids to know that school is cool, so they decided to visit a few schools themselves. Thanks to W.T. Hanes Elementary, Crown of Life Lutheran, and Holy Family of Nazareth Schools for letting us come be a part of their day.

## JUST FOR KIDS SHOW SCHEDULE

\*Karaoke stores will have occasional karaoke promo spots

## SOFTWARE UPDATE

The following directions are designed to get you up and running with your all new April show. Keep your "Variety Show" (January 2000) DVD's in a safe place. At some point you may need to use them again.

1. Place the 3.5" floppy disk in your show computer before you turn it on for the day.
2. Turn on your show rack. The disk will boot and information will be transferred to your computer.
3. When prompted by the computer, remove the disk, and press the black reboot button next to the power switch on the computer.
4. Turn on the DVD players and press the open/close button on each player. The discs will eject.
5. Take out the old discs and replace them with the new discs that came with this package (note: all discs are the same, so it does not matter which player you put them in).
6. Press the open/close buttons again to close the DVD players.
7. Wait until the green DVD LED comes on.
8. Go to your manager control panel and turn on the show.
9. The show should operate as normal.
10. Place the 3.5" floppy disk in a "safe" place.
11. If you have any questions or problems call 972-258-5458.

*"(These) directions are designed to get you up and running with your all new April Show."*
